## Address By Ex-Governor Hanly

Spoke at Y. M. C. A. Meeting at Poli's Theater Which

Crowded the House—Bostonian Orchestra Played.

Poli's theater was filled nearly to its seating capacity on Sunday afternoon for the service for men given by the Young Men's Christian association and a programme was enjoyed that was on a par with that have been given this season under the association auspices, consisting of an admirably rendered musical programme by the Bostonian Ladies' orchestra and a masterful address by ex-Gov. J. Frank Hanly of Indiana.

Both received the unequalled endorsement of the audience and the address by ex-Gov. Hanly was a masterpiece of spontaneous bursts of applause that were tributes to the artistic skill of the musicians and the splendid oratory of the speaker and his telling exposition of his theme.

The orchestra programme given by the twelve musicians under the direction of Berk Weston Kendrick comprised the following:

March, National Emblem, Bagley  
Overture, Morning, Noon and Night, On Supper  
Intermezzo for strings, in the style of Hungarian Fantasia, arr. Tobani

After the opening selections by the orchestra, prayer was offered by Rev. P. W. White of Central Baptist church, and General Secretary W. A. Morse of the association announced that the speakers would be taken to defray the expenses of the meeting.

During the offering the orchestra played, and then Secretary Morse introduced the speaker, ex-Governor Hanly.

Aroused Great Interest.

Speaking for over an hour, he held the undivided attention of his audience, who listened with the most eager interest.

With a burst of applause which continued for several minutes, his theme, as he said, was the great central figure of the age, Jesus Christ, the characters named in sacred scripture.

He was most calculated to impel our thoughts and incite our study, and in this address he carried us into the heart of a question relating to Him, the great figure of the age, Jesus Christ, the Divine.

In treating of this the speaker said he would confine himself almost wholly to a consideration of His work, and the character of His life, and how He had made upon human institutions, human thought and affairs.
